VITA® colors 
acc. to VITA classical A1-D4®

Anterior Plus MultiColor

With its enormous bending strength of ~1.200 MPa, this high-performance Zirconia is suitable for large-span bridges up to 14 units. At the same time, we have succeeded in achieving an extremely high translucency (~48%)! With up to 8 color layers and perfectly natural color gradient, this product innovation ensures maximum aesthetics.
